December 1st is World AIDS Day!

Take advantage of these events and advocacy opportunities to commemorate WAD 2011!

The **World Health Organization** established **World AIDS Day** in 1988.

Because there are currently **1.2 million people** living with HIV in the U.S., and because **1 in 5 people** infected with HIV don't know it, this year's theme is "**Getting to Zero.**"

Zero New HIV Infections, Zero Discrimination and Zero AIDS Related Deaths.

World AIDS Day
